## HydroWax™

Water Soluble Wax  
Interior Only

**Meoded HydroWax™** is a water soluble liquid wax, which enhances gloss finishes and acts as a sealer for both lime and acrylic based products.

**HydroWax™** is made from a blend of many different waxes, taking the best characteristics of each and making a superior quality liquid wax.

**HydroWax™** can be applied to almost any surface where a gloss finish is required and is particularly suitable as a finish coat for all Meoded Venetian plasters. **HydroWax™** is a waterproof finish that is breathable.

### APPLICATION

**HydroWax™** should be applied with a sponge or rag in thin, even coats over an entire surface. It should be buffed immediately to a high sheen using a clean rag, trowel, or mechanical buffer. As **HydroWax™** may become too thin to apply properly in warm weather, it may be chilled for a short time for more optimal application.

**HydroWax™** is ready to use, dry to the touch within 1 to 3 hours, and tools should be cleaned with warm, soapy water.

**HydroWax™** is a user-friendly, high performance wax that provides ultimate protection, while its liquid state allows for the addition of colored pigments, metallic powders and other compatible fine art materials with ease. HydroWax should only be applied on smooth surfaces. Application on non-smooth surfaces can cause the product to dry with a white, hazy look.

### COVERAGE

250 - 500 sq. ft. (per quart) depending on texture and porosity of the surface.

1,000 - 2,000 sq. ft. (per gallon) depending on texture and porosity of the surface.

### SPECIAL EFFECTS

**HydroWax™** is a user friendly, high performance wax that provides ultimate protection, while its liquid state allows for the addition of colored pigments, metallic powders and other compatible fine art materials with ease.

### CAUTION!

Keep out of reach of children. Do not take internally. Use only with adequate ventilation. Avoid contact with eyes; rinse thoroughly with water for 15 minutes and seek medical help. Avoid prolonged and repeated contact with skin. This product contains traces of chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

VOC less than 200 grams per liter.

### WARNING!

If you scrape, sand, or remove old paint, you may release lead dust. Lead is toxic, exposure to lead dust can cause serious illness, such as brain damage, especially in children. Pregnant women should also avoid exposure. Wear a NIOSH-approved respirator to control lead exposure. Clean up carefully with a HEPA vacuum and a wet mop. Before you start, find out how to protect yourself and your family by contacting the *National Lead Information Hotline* at 1-800-424-LEAD or log on to [www.epa.gov/lead](http://www.epa.gov/lead)

### WARRANTY

**Meoded Paints & Decoration™** warrants its products for the purpose in which they were intended for, when applied and used in accordance with manufacturer's instructions within 10 months of production date. Warranty

### **TECHNICAL SERVICES & SUPPORT**

Meoded provides customers with any level of assistance that may need to gain full value from our products. Designers can call upon our professional staff to match colors or create new colors for custom installations. We're ready to provide color charts and sample boards for texture evaluations and comparisons. Installers can call upon our master craftsman for advice and guidance at every step of the installation process. If you have any questions whatsoever, our enthusiastic and courteous staff will provide the support you need to experience the **Hydrowax™** advantage.

Every Meoded product comes with instructions that are more than adequate to guide any finish contractor or homeowner to a successful installation. In addition, we offer professional seminars for applicators of all skill and experience levels. We teach everything from the basic installation steps to tips and techniques for artists and artisans.
